**BR** Wood bridge included, oak wenge shade standard

*The bathtub and sink features are written underneath each product's picture*

### NEW

#### WHITE DRAIN CAP

Bathtubs and sinks from Mood and Lab collections are available with a white drain cap in True High Gloss or Matte finish.

# MOOD

Design: Pierre Bélanger and WETSTYLE Design Lab

Keyword: Comfort

An invitation to dream... the Mood bathtub is based on a pair of offset ellipses resulting in a design that says fluidity and comfort. Its silhouette creates an air of relaxation in the bathroom.

In addition to its aesthetic qualities, Mood provides maximum comfort thanks to its reclining dual backs: a sitting position that is particularly conducive to reading, and a reclined option for pure relaxation. The elegant simplicity of the Mood blends seamlessly with both contemporary and traditional interiors, with its play of shapes creating a perfect balance between a well-anchored base and more refined curves. A thicker rim on one side adds to the originality of the design and also doubles as a storage shelf for body care products.

Mood is handcrafted in WETMAR BIO™, a robust, non-slip, thermo-insulating eco-material.

Available in True High Gloss™ or Matte finish.

Made of

Bathtub BMD 01-WHNT, Matte

## MOOD — Bathtubs

Mood provides a roomy interior. The asymmetrical back rest design offers a recline option for relaxation on one side and a comfortable sitting position on the opposite side.

# LAB

Design: Pierre Bélanger and WETSTYLE Design Lab

Keyword: Pragmatic

Freshness and purity epitomize the Lab collection, a carefully studied design that meets the needs of the modern bathroom while bringing a dynamic and sensual feel to any space.

Lab bathtubs feature finely bevelled details and subtle curves. They are also intentionally inclined for the comfort of those who enjoy reading and relaxing in the bath. Designed to meet various space requirements, the bathtubs come in freestanding or wall-adjacent versions. With the freestanding option, the bath becomes a focal point in the room, and with the wall-adjacent version, a reduced footprint saves space for maximum freedom. Its wide deck is convenient for storing personal care products without clutter.

The Lab collection has several washbasins to match a variety of layouts and tastes. Models include Lab Round sinks whose curves match the collection's bathtubs and Lab Square sinks that integrate seamlessly with Stellé pedestals to form a minimalist and space-saving set.

Lab is handcrafted from WETMAR BiO™, a robust, non-slip, heat-insulating eco-material. It is available in True High Gloss™ or Matte finish.

# FEEL

Design: WETSTYLE Design Lab

Keyword: Sensation

Created from an innovative, high-density composite material that evokes the appearance of natural stone, the Feel collection emphasizes tactile pleasures underfoot. The uniquely pleasing texture of this line of showers comes from a manufacturing process that creates the appearance of slate and concrete in high definition.

These streamlined bases are suitable for all bathroom types as they can be cut at the factory or even by the installer directly on site; a major asset when adapting to non-standard dimensions and specific configurations, such as bypassing a column.

The matte finish paired with Feel's clean, sleek look awakens the senses and heightens the experience of relaxation and rejuvenation in the shower. The collection is available in neutral shades of white, gray and black.

**100% tailor-made. Your shower your way.**

From the dimensions to the hue, to drain grid and texture, Feel Shower Bases can be completely customized for medium and large projects. The product design can be adapted to your sense of style and aesthetics, making it one of a kind. It is even possible to print an image directly on the base. Contact the sales team for more details.

## FEEL — Textured Shower Bases

Feel shower bases can be cut on-site to fit non-standard dimensions, angled walls or to bypass a column. If only straight cuts are required, the bases can be ordered pre-cut from the factory. Model shown: DFL 6036O in Black Slate

### CUTTING OPTIONS

#### **At factory:**

done at WETSTYLE's factory, the shower base can be cut to your specified size

#### **At jobsite:**

using a diamond blade, the shower bases can easily be cut by the contractor to ensure it fits the specificities of the space... almost endless possibilities

## WHY NOT FEEL IT?

### REALISTIC TEXTURES

Made from composite stone using a unique moulding process that can replicate textures with incredible realism

### ANTI-SLIP

The textures provide high anti-slip properties to the shower bases, combining function with aesthetics

### STONE-LIKE STRENGTH

The high density of the material provides a stone-like strength to the shower bases

### EASY MAINTENANCE

Antibacterial treatment certified by ISO-NPG-H (high avoidance of hydrolysis) prevents corrosion of the material

Easy to clean, no grout lines where soap scum can accumulate, simply use a mild and neutral cleaning agent

Repairable: scratches and dents can easily be repaired using a repair kit

### MASS COLORATION

The material bears the same color throughout

### MATCHING DRAIN COVER

The supplied drain cover matches the shower base's color and texture, for a unified look

## INSTALLATION

- Quick install: save on installation time and costs versus a custom tiles-in shower tray
- One piece for reduced risk of water leaks: no seams, no joints, no grout
- No floor waterproof membrane, no hot mopping, no slope construction required
- Designed to work with standard drain rough-in
- Deck wide enough to support glass walls or rolling/swinging doors

## INSTALLATION OPTIONS

### Above-floor

### Recessed – flush with floor

 ADA-compliant

## TEXTURES AND COLORS

**White Concrete**

**Grey Concrete**

**White Slate**

**Black Slate**

### CUT-TO-SIZE TO FIT YOUR SPACE

The Feel shower bases can be cut to fit odd-size bathrooms or, for example, to work around a corner beam. Bathrooms that used to necessitate a tiled-in shower tray can now benefit from pre-cast shower bases.

### FOR PROJECTS

**Full customization:**

is possible for 10+ unit projects: choose your color, texture and size. For color match, provide a color code or sample.

Stellé in Walnut Natural

Drop-in lavatory VLBQS 18-O-1-MB, Matte

# STELLÉ

Design: Pierre Bélanger and WETSTYLE Design Lab

Keyword: Sharp

Inspired by monoliths, the Stellé pedestal creates a statement while still remaining compact. It fits easily into a small powder room or bathroom, due to its reduced dimensions. Stellé sets itself apart with a high-quality, impeccable finish, inside and out. These pieces are offered in a wide range of colors and wood finishes, including walnut, oak, torrefied eucalyptus and lacquer.

Stellé makes the perfect companion to the washbasins in the Lab collection, creating a timeless and urban look.
