Photographic Memories
The den (FAR LEFT) features an Eric Fischl-designed coffee table flanked by an Ikea sectional and a Saarinen Womb chair; a Bert Stern photograph of Marilyn Monroe hangs above. In the master bedroom and bath (ABOVE AND NEAR LEFT), images from O'Neill's travels to the Himalayas and Venice, Italy, line a shelf above the bed; the sconces and fan are from Luceplan. The tub is by Wetstyle and the filler and shower hardware are from Dornbracht. See *Resources*.
