A HOSPITALITY INTERIORS SUPPLEMENT | 2018

Ideal Standard Creates a Striking Silhouette

WETSTYLE, a Montreal-based manufacturer of premium-quality bath furnishings, has teamed-up with designers Joël Dupras and Pierre Belanger in conjunction with the WETSTYLE Design Lab to craft the Déco Collection of vanity systems.

Inspired by the glamour and decadence of the Art Déco age, Déco is infused with softened geometric forms and luxurious finish details, including brushed stainless steel, satin brass or matte black for legs and handles.

Thoughtfully designed and carefully crafted, the wall-mounted, floor-mounted and free-standing variations of Déco are fitting for both modern and traditional suites. Playing to the needs of today's bathroom, Déco seamlessly integrates itself into the routines of end-users with above-vanity mirrors and countertop wash basins available to complement the vanities.

Déco's elegant form extends itself to suites of any sizes, with five size variations to select from, ranging from 24 to 60 inches. Versatility in sizing allows for the vanities to be offered in single and double-basin versions, making application in smaller powder rooms and hospitality spaces possible.

Floor-mounted variations exude architectural detail with sleek rectangular base supports and a storage shelf in line with the vanity's top.

The collection is offered in an array of rare wood finishes, including premium quality oak, walnut, torrefied eucalyptus and Mozambique wood. Several different shades of lacquer – Stone Harbor Grey, Black and White – are also available to put a modern touch on the vanities.

The sophisticated style of the vanities is

also reflected in the collection's Décorative mirrors. Crafted from all-natural solid wood and finished by artisans in the brand's Montreal-based factory, the collection's mirrors take on a softened shape with polished edges and rounded corners.

Mounted using a z-clip system, the mirrors offer the perfect complement above the collection's vanities, and are available in a variety of sizes from 24 to 60 inches.
