to the limit

Indeed, the house extends beyond its borders. Mehew, Rice, and their guests can literally go beyond its borders on the terrace, which, thanks to ADD, now has a 45-foot-long swimming pool and a hot tub. The whole arrangement currently works well as a social setting, best enjoyed with eight to 10 friends, the owners say. As evenings set in, wines from local vineyards are decanted and a collective serenity fills the air. 

Opposite top: Philippe Starck's tub filler serves the master bathroom. **Opposite bottom:** Naomi Paul pendant fixtures flank the master bed by Matthew Hilton.

Top: Zinc clads the kitchen volume. **Bottom:** One of the two guest bedrooms features a Sigurd Ressell chair from the 1970's.
