Castles of Comfort

thermal management

No matter the cladding—stone, masonry or glass and steel—an effective envelope—walls and roof included—must fortify itself vs. thermal and moisture intrusion, be it insulation, weather barriers or high-performance glazing and curtainwalls.

ALUCOBOND
Terra Series
www.alucobondusa.com

GET STONED

New PLUS natural Terra Series aluminum-composite cladding finishes were inspired by iridescent stone. Introduced in Europe last year, the weather-resistant finishes create a sparkling appearance in daylight, creating the look of stone in a lightweight material. **Circle 377**

WETSTYLE
Cube

COOL AND CUBE

The combination of softly-angled corners and a geometric base characterizes WETSTYLE's new Cube sink, ideal for hotel and restaurant applications. Featuring slender walls and proprietary WETMAR BiO material, the sink is easy to clean and durable. **Circle 376**

CSL
Adjustable Downlights
www.csllighting.com

YOU'LL FLIP FOR ALL THESE OPTIONS

Acrobat adjustable downlights are available in four trim styles, along with a trimless version, in four diameters and with four possible beam spreads: spot, narrow, flood and wide flood. Additionally, four housing types help address needs for both new construction and remodel applications. **Circle 375**

CORBETT LIGHTING
Sauterne
www.corbettlighting.com

ROLL OUT THE BARRELS

Its design might be inspired by the barrels used by French wineries, but the sophisticated Sauterne luminaire is much better suited to a Parisian salon than the Bordeaux countryside. The fixture's "staves" are crafted from handmade Venetian glass flecked with gold, and its hand-crafted iron "hoops" are finished in gold leaf, with polished stainless steel rivets as accents.

A GRADATION ILLUSION

Highlighting change in gradation and scale by using the effects of variation, Gradient Form carpet collection allows for self-patterning and a designer's choice of gradients. Available in 12-in. x 48-in. planks and nine neutral colorways, Gradient Form is constructed with Eco Solution Q and Eco Worx backing, and is backed with a lifetime warranty against stain, colorfastness to light, static and abrasive wear.
