## **WETSTYLE WINS “BEST OF YEAR” HONORS FROM *INTERIOR DESIGN* MAGAZINE**

(MONTREAL, CANADA – DECEMBER 2009) – WETSTYLE has added to its growing stable of accolades, with its M Collection of furnishings earning the coveted 2009 Best of Year Award from *Interior Design* magazine in the Bathroom Cabinetry category. Additionally, the company’s Be Collection and Platter each received Merit Awards in the Bath Fixtures and Accessories & Hardware categories, respectively. The Best of Year program, now in its fourth year, honors superior products and projects in the realm of interior design in 65 categories.

Winners were announced at a December 3rd reception at the Solomon R. Guggenheim Museum in New York City. Product Design honorees were chosen by interior designers and architects via more than 50,000 online votes cast during a one-week period in October. The winners were then determined by a jury of leading architects and designers.

This is the first year that WETSTYLE has been honored by the Best of Year Awards for its handmade, artisanal-quality modern bath furnishings. The M Collection’s award is the second notable achievement for the range in as many months. In October, it was named the Bath Furniture Product of the Year at the 2009 Decorative Plumbing and Hardware (DPHA) Conference.

For more information on the M Collection, the Be Collection, the Platter, and WETSTYLE’s entire range of products, visit [www.wetstyle.ca](http://www.wetstyle.ca).
