THE BAUHAUS COLLECTION

Vanities

Bauhaus in Pacific Blue and
Walnut Natural No Calico

Wall-mounted vanity EBHS36WM-L27W12
Countertop VBHS36-O-8-SB-GA

THE BAUHAUS COLLECTION

Design: Pierre Bélanger and WETSTYLE Design Lab

Keyword: Timeless

The Bauhaus collection, inspired by the timeless and architecturally relevant Bauhaus movement as personified by Tel Aviv's, White City. With clean lines and rounded corners, the Bauhaus Collection introduces a modern yet timeless new collection of vanities and accompanying counter-top sinks.

The collection centres around two different applications, including wall-mount and wall mount with legs in sizes from 24" to 72". This collection is available in hundreds of permutations including all wood, all lacquer or mixed use of wood and low sheen matte lacquer finishes.

STELLÉ

THE STELLÉ COLLECTION

Pedestal Vanities

Stellé in Walnut Natural

Pedestal STL 1812D

Drop-in lavatory VLBQS 18-O-1-MB, Matte

STELLÉ

Design: Pierre Bélanger and WETSTYLE Design Lab

Keyword: Sharp

Inspired by monoliths, the Stellé pedestal creates a statement while still remaining compact. It fits easily into a small powder room or bathroom, due to its reduced dimensions. Stellé sets itself apart with a high-quality, impeccable finish, inside and out. These pieces are offered in a wide range of colors and wood finishes, including walnut, oak, torri d eucalyptus and lacquer.

Stellé makes the perfect companion to the washbasins in the Lab collection, creating a timeless and urban look.

Made of

THE DÉCO COLLECTION

Design: Joël Dupras, Pierre Bélanger and WETSTYLE Design Lab
Keyword: Elegance

With its flowing lines and curved finishes, the Déco collection reinvents Art Déco style with a modern twist, bringing softness and simplicity to the bathroom. Smooth textures combined with the warmth of wood accents take relaxation to a new level, immersing you in a world of elegance in the bath.

The collection offers multiple options to suit every taste and style. For a modern, urban feel, Mozambique wood can be paired with white matte lacquer and a black metal frame. For a play on classic design, set the stage with two storage units in natural walnut, creating a master class in architectural simplicity. Torrified eucalyptus punctuated by satin brass creates a chic, exclusive look that complements both contemporary and classic décors.

Déco offers many other combinations with a range of finishes, including brushed stainless steel, satin brass or matte black for legs and handles, premium quality oak, walnut, torrified eucalyptus and Mozambique wood as well as several different shades of lacquer. The collection is available in three versions: wall or floor-mounted and free-standing vanities. Déco comes in various sizes and in single or double-basin versions, making it suitable for any room. One final flourish – the interior of the drawers is made from the same wood as the exterior, sparing no attention to detail. Free-standing cabinets come equipped with an inner pull-out drawer.

THE FRAME LINEA COLLECTION

Design: Joël Dupras and WETSTYLE Design Lab

Keyword: Timeless

Frame Linea is the next generation of the award-winning Frame collection, inspired by traditional Japanese architectural elements, combining elegance with function. The signature floating fixtures that make up this line add panache to your walls while maintaining a sense of lightness.

Equipped with deep drawers to maximize storage space, Frame Linea has built-in handles sculpted in solid wood. The drawer lining matches the exterior and comes in a variety of wood finishes, such as walnut or oak and matte lacquer, all available in a range of shades. To bring a more contemporary touch to this timeless furniture, optional white glass drawer facades are available in polished or matte finish.

The collection includes a high-capacity linen cabinet with mirrored front to solve all your storage needs. It also adds depth to the space, as do matching medicine cabinets. The cabinets feature a high-end aluminum frame and offer a mirrored interior, perfect for make-up, as well as electric sockets for charging toothbrushes, razors and other accessories. Optional LED mood lighting and defogger function can be added to the mirrored doors.

Frame Linea can be combined with WETSTYLE's Cube and Déco collection washbasins to complete the look.

THE M COLLECTION

Design: Joël Dupras

Keyword: modular

To store all accessories and products out of sight: such is the concept of the M collection. Total relaxation is only possible within a minimalist environment.

The modular elements endow the M collection with great flexibility. By combining vanity, mirrored, storage and linen cabinets in various sizes, one can easily create a custom bathroom, according to available space and storage needs. Imbued with a Japanese-like spirit, the pure and elegant hand crafted M collection emphasizes sobriety with geometrical lines, hidden handles and bevelled edges. The book-matched finish and subtle details such as hidden pull-out drawers and optional LED lighting contribute to its simple elegance and sophistication.

Five finishing options and 16 colors are available. The Oak finish can be ordered in natural, wenge, white, stone harbor grey, black, coffee bean and smoked. The Walnut is available in natural, natural no calico and chocolate. The Matte lacquer finish is available in white, stone harbor grey and black. Two premium wood finishes are offered: Torried Eucalyptus and Mozambique. The High-gloss lacquer is available in white.

The wood options are hand-finished with four coats of a special marine grade sealant earning the industry's highest finish rating (Level 5) for moisture, stain and damage resistance.

Custom finish and size options are available upon special request.

M COLLECTION

VANITY

The vanity, with slow closing ball-bearing drawers, an inner pull-out and storage divider, is provided in two heights. The vanity fits Cube and Ove lavatories and all vessel sinks in the various WETSTYLE collections.

Wall-mounted models: 10 in. and 18 in. height

Floor model: 19 ½ in. height

Depth: 22 in.

Length: 24 in., 30 in., 36 in., 42 in., 48 in., 60 in. and 72 in.

MIRRORED CABINET

The mirrored cabinet is available in surface mount or recessed versions. Two optional LED lamps, hidden on the top and base, provide mood lighting (available with the surface mount version only)

Height: 19 1/8 in. and 30 in.

Depth: 4 3/4 in. (surface mount) and 6 in. (recessed)

Length: 16 in., 18 in., 22 in., 28 in., 34 in., 40 in., 46 in., 58 in. and 70 in.

Two adjustable star fire glass shelves (19 1/8 in. height model)

Four adjustable star fire glass shelves (30 in. height model)

STORAGE CABINET

The storage cabinet with a sliding door is fixed onto the wall, between the sink countertop and mirrored cabinet, or within reach of the bathtub.

Height: 6 in.

Depth: 4 1/2 in.

Length: 16 in., 18 in., 22 in., 28 in., 34 in., 40 in., 46 in., 58 in. and 70 in.

The 16 in. and 18 in. versions do not have a sliding door and the 58 in and 70 in versions are equipped with two sliding doors.

LINEN CABINET

The linen cabinet is designed to be suspended, in order to free ground space and provide an uncluttered visual environment.

Height: 60 in.

Depth: 12 in.

Width: 16 in. and 27 in.

Four adjustable shelves and one fixed shelf

Small mirror located on the back of the door

The M Collection is complemented with storage furniture for the Cube bathtubs. It comes equipped with four niches or two doors. The furniture appears to be built into the bathtub, but this is a visual illusion created by the continuity of the veneer on the bathtub wall.

Length of facade: 60 in.

Width: 32 in.

Depth: 12 in.

Height of the facade panel: 20 in.

Thickness: 4 in.

THE ELEMENT RAFFINÉ COLLECTION

Design: WETSTYLE Design Lab

Keyword: Scandinavian

The Element Raffiné collection is the perfect embodiment of Scandinavian design: beauty through simplicity, featuring pure lines without any extra embellishment. The impeccable quality and finish of this minimalist collection lend an elegant and serene atmosphere to the bathroom. Element Raffiné will blend in seamlessly with both contemporary and classic decors.

Walnut, Mozambique wood, natural oak, coffee bean oak, stone harbour grey, matte white lacquer... A wide array of finishes are available to suit individual tastes and styles, and the interior of each drawer and storage unit matches the exterior finish. The collection is made up of three storage units: vanity, mirrored cabinet and linen cabinet, available in various sizes.

The vanities are equipped with top-quality Blum drawer slides, a horseshoe-shaped master drawer allowing for maximum storage space, and a hidden pull-out drawer. Each component is a testament to the attention to detail in this collection, which also includes a line of washbasins with Matte or True High Gloss™ finish and fluid design elements.

Mirrors

THE C AND C METRO COLLECTIONS

Keyword: clinic

The bathroom is increasingly considered to be a beauty lab. With lines that express the essential and employing ultra-clean materials, Collection C subscribes to this strong trend.

The vanity contrasts the clinical rigor of steel with the tactile, almost fleshy softness of WETMAR BiO™. Cleansing products and cosmetics are exhibited on the shelves. Water pipes are left in view. Nothing is hidden: transparency is the new idea of purity.

C COLLECTION

CONSOLE AND COUNTERTOP

The Console in mirror (class 8 polish) or brushed finish supports a WETMAR BiO™ integrated Countertop in a True High Gloss™ or Matte finish. Made of pure stainless steel (not chrome plated), the Console has tig welds for invisible joints lines.

The countertop is moulded in one piece that incorporates the sink – so that no joints break the fluid and continuous surface.

The console and countertop are offered in:

Lengths:

inches 24¼ - 36¼ - 48¼ - 60½

cm 61.6 - 92.1 - 122.6 - 153.7

Depth: 22 in. (55.9 cm)

Console height: 32½ in. (82.5 cm)

Countertop height: 2 in. (5.1 cm)

SINK

Choice of three sink models in the 24 in. (60.7 cm) length version, six in 36 in. (91.4 cm), seven in 48 in. (121.9 cm) and six in 60¼ in. (153 cm).

MIRROR

A mirror completes collection C with a pure stainless steel frame in mirror, brushed or matte black finish, configured:

Vertically: 28 x 19 in. (71.1 x 48.3 cm)

Horizontally: 19 x 46 in. (48.3 x 116.8 cm)
and 19 x 58 in. (48.3 x 147.3 cm).

THE C2 COLLECTION

Design: Pierre Belanger and WETSTYLE Design Lab

Keyword: Slimline

The tubular lines and minimalist style of the C2 collection create a hip, modern look for an urban environment. Thanks to its sleek structure, C2 features a small, uncluttered footprint, making it ideal for small bathrooms.

The base of the console unit is made of matte black stainless steel rungs and can be equipped with an optional storage drawer in natural walnut. In addition to being practical, the drawer adds contrast and a touch of warmth. A matching mirror with a walnut shelf and free-standing towel rack complete the collection.

C2 consoles can be combined with the WETSTYLE Element collection sinks in either the 24" or 30" sizes. These washbasins with rounded edges are available with overflow trims that feature an optional matte black finish to seamlessly integrate with the rest of the collection.

CUSTOM FURNITURE STANDARD SINK OPTIONS

Considering custom furniture? We must be mindful of the type of sink you will be using and its dimensions to ensure it all works together

- 1 Decide on your style of sink (Vessel or Countertop)
- 2 Decide on dimension of sink (length, depth, height)
- 3 Be mindful of basin position (center, left, right or trough) and drain location as this will impact how vanity drawers are set-up to prevent a conflict

Some guidelines below to help you decide which sink to choose for your custom vanity.
(page numbers refer to 2022 price list)

SAMPLES

—

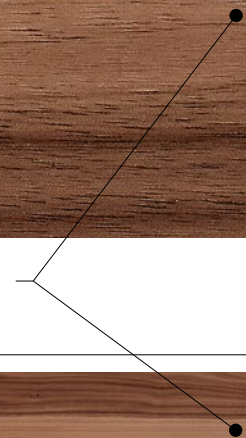

Wood
Stainless Steel
Aluminum
Glass

Samples — Wood — Walnut Natural #11

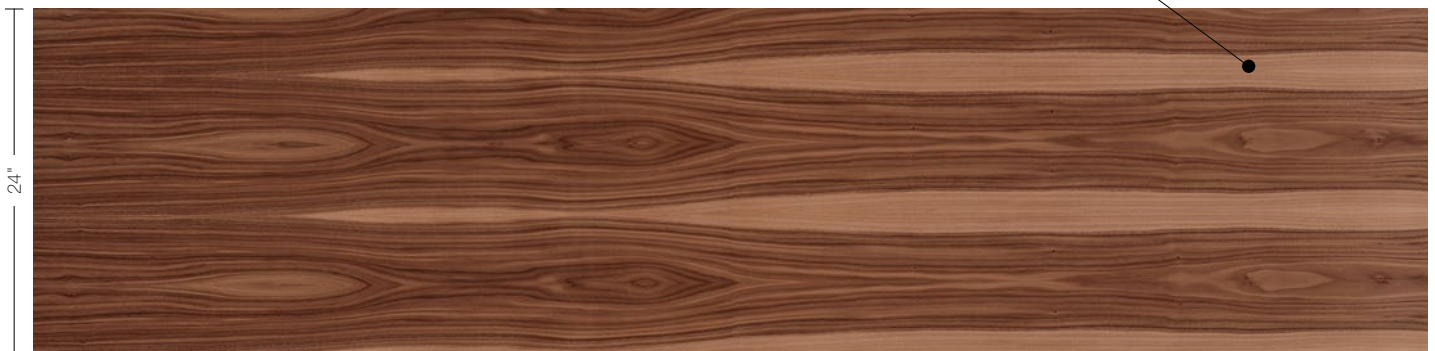

Actual size

Calico (or sapwood) is the younger and paler outermost wood on a tree. It is located between the bark and the darker heartwood.

96"

Example of the variation in a 2' x 8' wood veneer sheet. Being natural wood, the grain pattern and color will vary sheet-to-sheet, making each furniture piece truly unique.

Samples — Wood — Walnut Natural No Calico #12

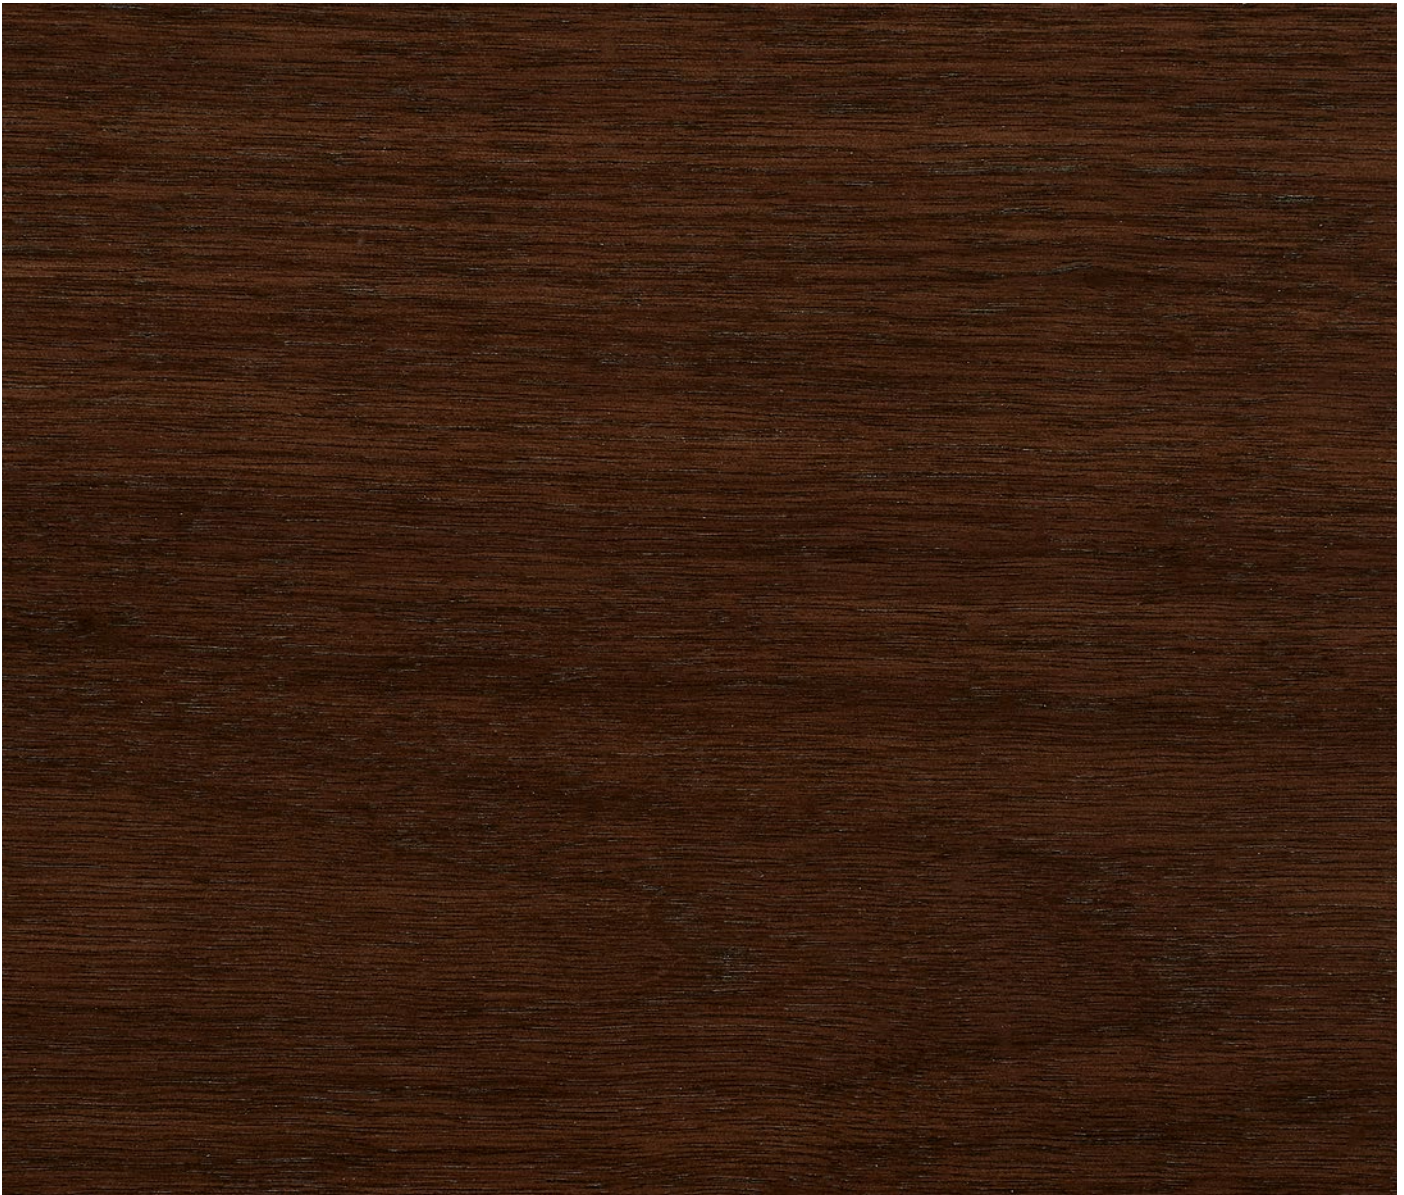

Actual size

Example of the variation in a 2' x 8' wood veneer sheet. Being natural wood, the grain pattern and color will vary sheet-to-sheet, making each furniture piece truly unique.

Samples — Wood — Walnut Chocolate #16

Actual size

Example of the variation in a 2' x 8' wood veneer sheet. Being natural wood, the grain pattern and color will vary sheet-to-sheet, making each furniture piece truly unique.

Samples — Wood — Oak Natural #1

Actual size

Example of the variation in a 2' x 8' wood veneer sheet. Being natural wood, the grain pattern and color will vary sheet-to-sheet, making each furniture piece truly unique.

Samples — Wood — Oak Coffee Bean #37

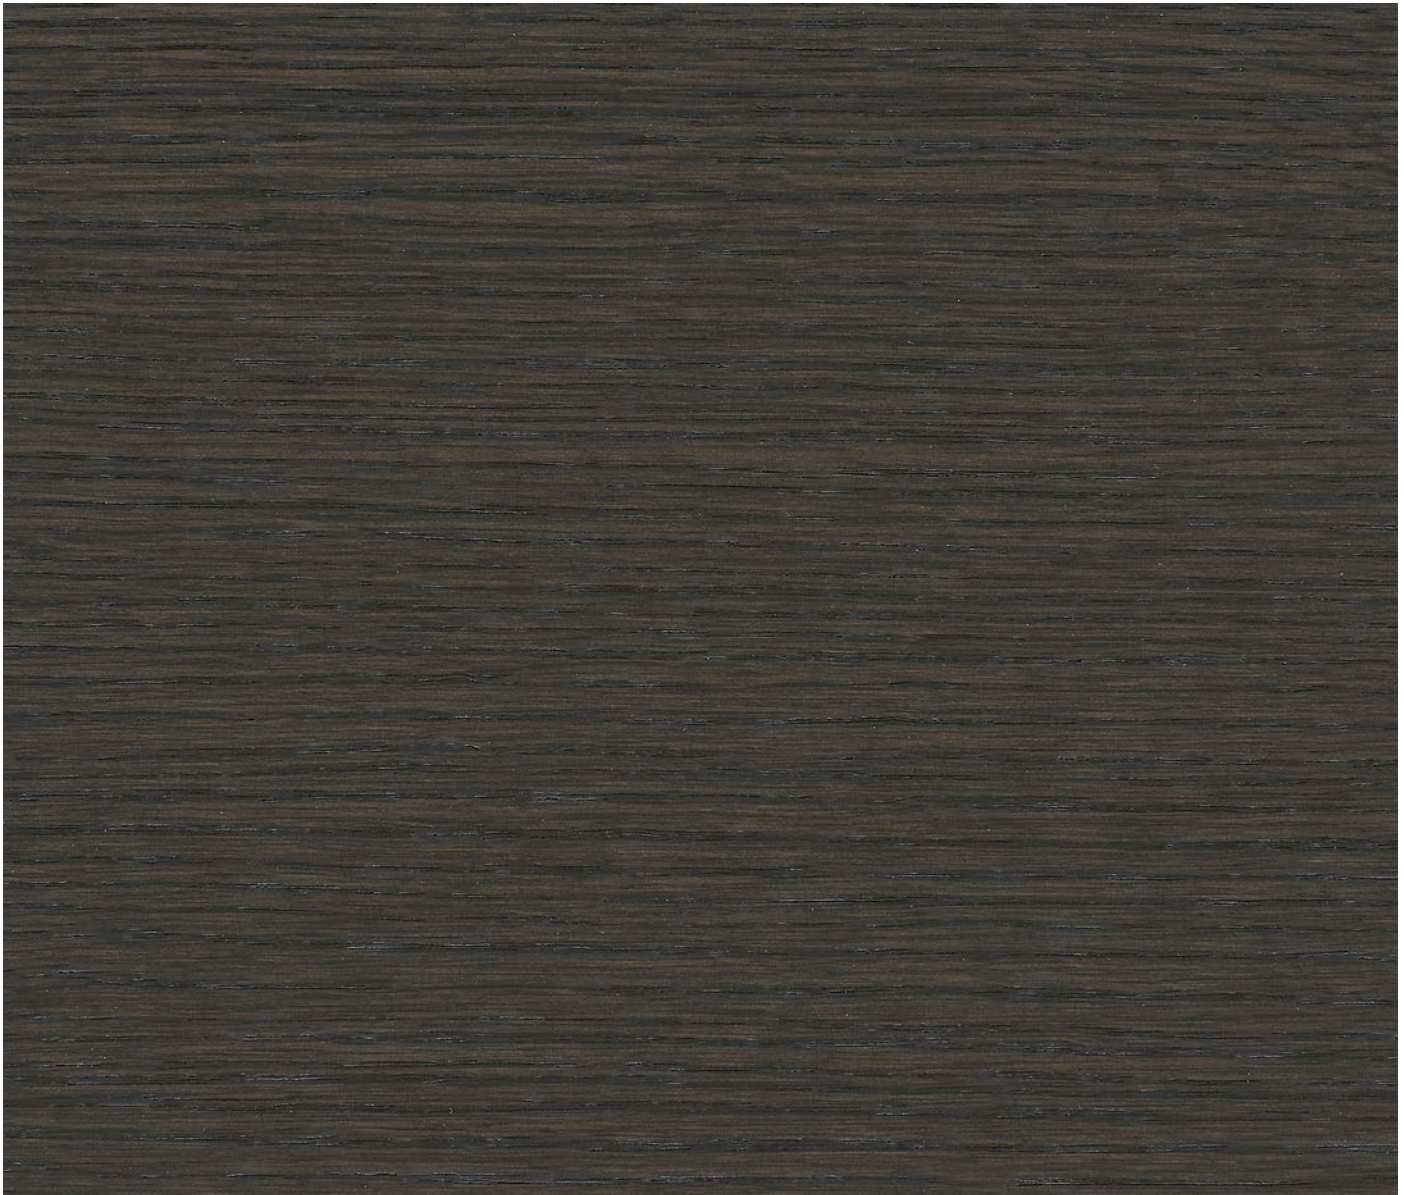

Actual size

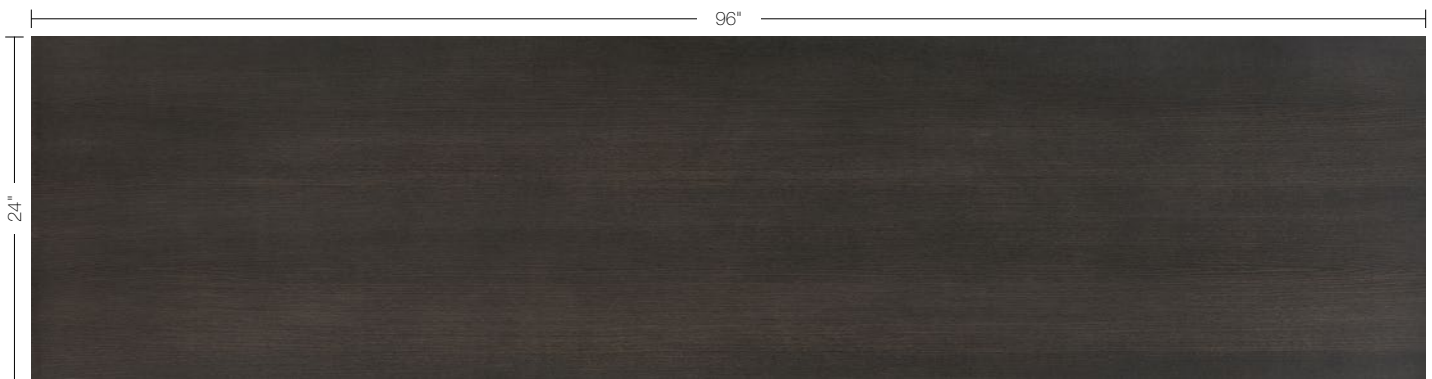

Example of the variation in a 2' x 8' wood veneer sheet. Being natural wood, the grain pattern and color will vary sheet-to-sheet, making each furniture piece truly unique.

Samples — Wood — Oak Smoked #38

Actual size

Example of the variation in a 2' x 8' wood veneer sheet. Being natural wood, the grain pattern and color will vary sheet-to-sheet, making each furniture piece truly unique.

Samples — **Premium Wood** — Mozambique #82 (Tropical Olive)

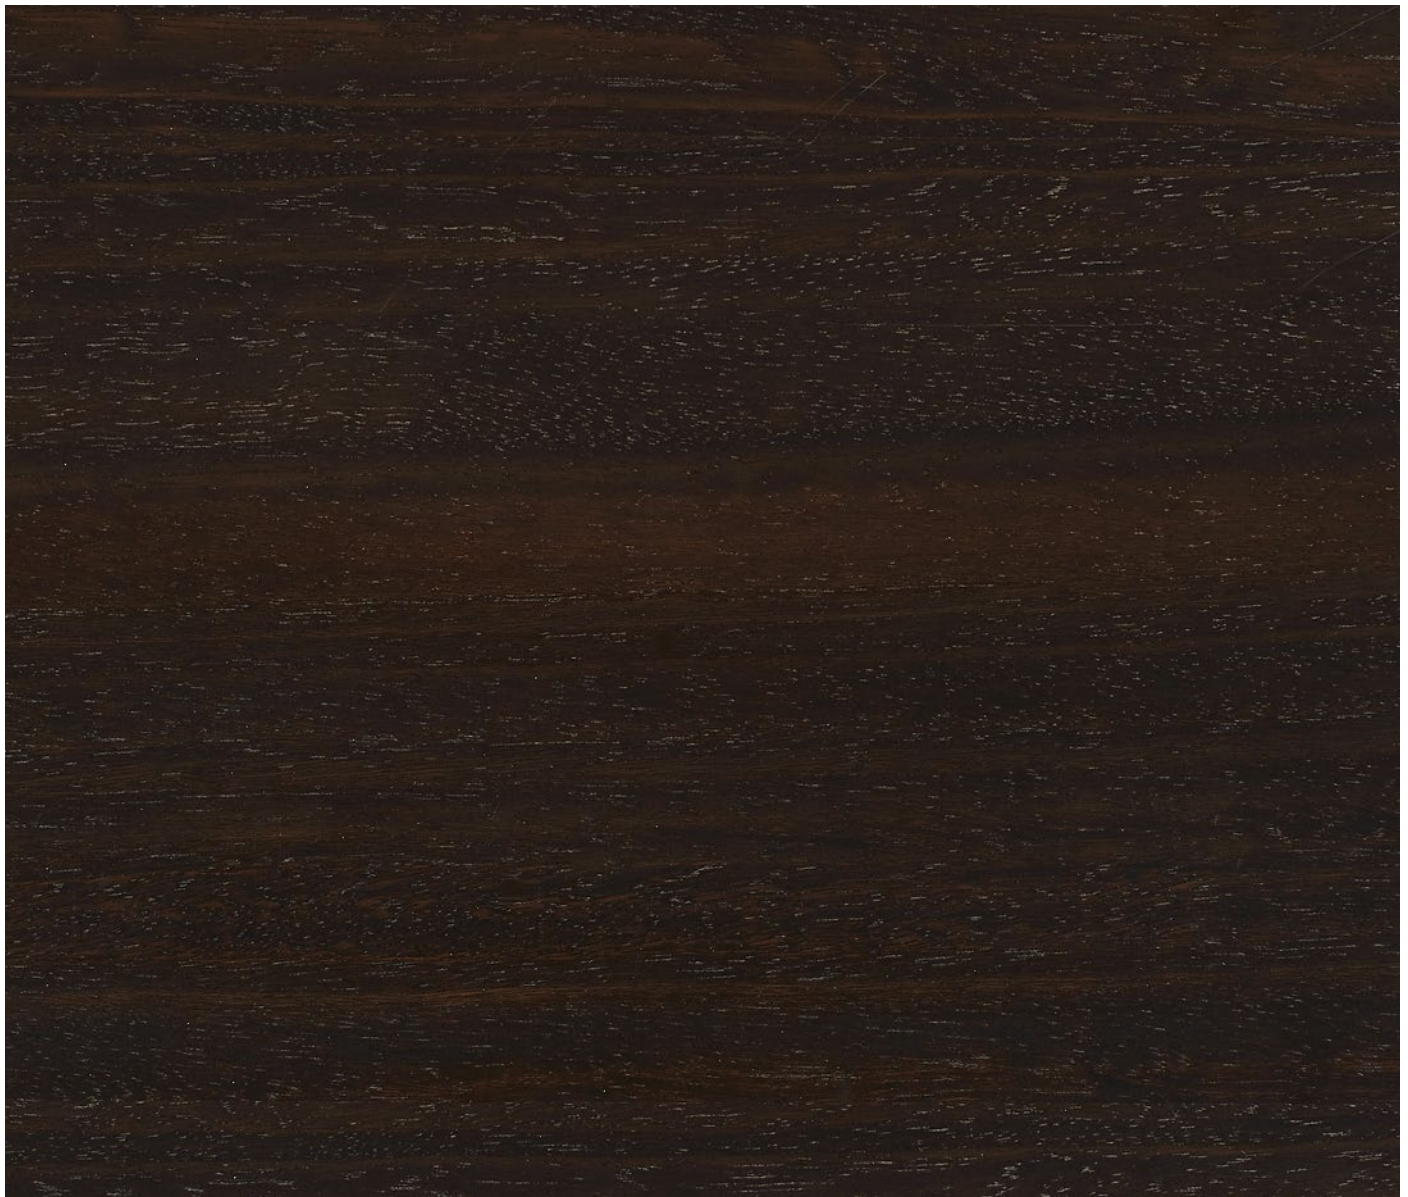

Actual size

Example of the variation in a 2' x 8' wood veneer sheet. Being natural wood, the grain pattern and color will vary sheet-to-sheet, making each furniture piece truly unique. Mozambique wood also contains darker lines created by the accumulation of minerals in the annual growth lines. The intensity of these lines is unique to each tree and cannot be specified or guaranteed.

Samples — **Premium Wood** — Torrified Eucalyptus #81

Actual size

Example of the variation in a 2' x 8' wood veneer sheet. Being natural wood, the grain pattern and color will vary sheet-to-sheet, making each furniture piece truly unique.

SAMPLES

WOOD

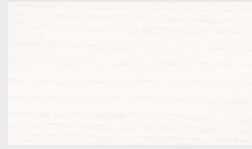

To ensure that the wood is water resistant, it is sealed with a polyurethane catalyzed lacquer, a coating normally used on boat decks. Rated level 5 by the AWI, it is the industry's highest-rated finishing.
