## PRODUCT FEATURES KEY

### BATHTUB

BR	Wood bridge included, oak wenge shade standard
OD	Plug & Bathe™ integrated overflow and drain included: polished chrome, brushed nickel, matte black, satin brass or no trim
Dual	Dual finish available

### SINK

O/F	Optional overflow available: polished chrome, brushed nickel, matte black, satin brass or no trim
Holes	Optional pre-drilled faucet holes: 1 hole/drain for mono faucet or 3 holes/drain for 8" c/c faucet
BR	Wood bridge included, oak wenge shade standard
Float	Compatible with the floating sink bracket system

*The bathtub and sink features are written underneath each product's picture*

## THE PUREST FORM OF LUXURY™

With over 30 years of experience manufacturing products for the modern bathroom, WETSTYLE is shaped by a passion for design and superior quality supported by unrelenting attention to detail. Through a marriage of original design, exceptional craftsmanship and superior materials, WETSTYLE focuses on manufacturing soaking bathtubs, sinks and furniture for the contemporary bathroom environment.

# WETSTYLE

## SHOWROOM

Opened since 2005 and located in an historic building in the heart of Old Montreal, WETSTYLE's corporate showroom is a design-focused space where professionals can explore the wide span of WETSTYLE's bathroom fixture collections.

## FACTORY

Approximately 30 km from Montreal, set in the riverside town of Beloeil, is WETSTYLE's WETMAR BIO™ factory, where every bathtub, sink and shower receptor is made to order by hand.

The WETSTYLE furniture factory is situated in Montreal's Rosemont borough and employs skilled wood furniture craftsmen.

## NEW HEADQUARTERS AND FACTORY - OPENING FALL 2018

Opening in the fall of 2018, the new WETSTYLE headquarters will be located on the South Shore of Montreal, in the environment-friendly Ecoparc of Saint-Bruno. The state-of-the art facility will feature an expanded production capacity, new corporate offices, an extensive showroom space and a dedicated product training area for agents, sales representatives and design professionals.

## CRAFTSMANSHIP

Bold design, superior materials and a unique manufacturing process distinguishes WETSTYLE. Reminiscent of European workshops of a long-gone era, each product is made-to-order in Montreal, Canada, and every design is an original artisanal labor of love benefiting from meticulous attention to detail.

## THE SIGNATURE WETSTYLE WOOD BRIDGE: BEFORE AND AFTER

The wood bridge provided with most WETSTYLE bathtubs and certain lavatories starts off as a rough piece of oak or walnut hardwood. First, it is cut to size and the grooves are machined. It then undergoes several steps of sanding, the last one done by hand to ensure a flawless surface. Finally, the bridge is stained to the desired color - if applicable - and treated with several coats of marine-grade sealant.

## Joël DUPRAS

Furniture designer

*Born in 1980*

Collections:

*Tulip, Déco, M and FRAME*

Joël Dupras studied graphic design before joining Visu, a family business manufacturer of up-market furniture. He designs furniture lines for the bedroom, the dining room and the living room. He also developed a comprehensive expertise in designing home modular storage elements. His furniture collections are sold in over 200 stores in North America.

In 2008, Joël Dupras founded the firm Joël Dupras Designer (JDD) and created Como, a complete array of bedroom furniture for lifestyle hotels manufactured by Foliot Furniture. Como is an all-in-one ensemble comprised of a secretary, a mini bar, an audio-video entertainment center and a bed with an interchangeable headboard. It generated strong interest at the professional Hospitality Design show in Las Vegas.

Joël Dupras is wholly focused on simple shapes, balanced proportions and functionality. His minimalist approach—far from being cold—provides visual and tactile pleasures.

## Patrick MESSIER

Industrial designer  
*Born in 1974*

Collections:  
*Be and Couture*

President of the Association of Canadian Industrial Designers from 2008 to 2010, Patrick Messier started his career at Michel Dallaire Designers. From 1996 to 2002, he contributed to various projects involving medical equipment, aircraft interiors, furniture, electronic materials and utilitarian objects. In 1999, he founded Messier Designers and in 2002 he expanded his activities to include product development strategy and graphic communication.

Since 2003, he has participated in numerous fairs and shows in Canada and abroad—New York, Washington, Tokyo, London and Paris, among others. He was also awarded several prizes, including the Gold Award of the 2004 Toronto IDEX/Neocon for Kingsey, an innovative urban bench produced by Plastiques Cascades, and the 2006 Best of Canada for Mamma, a rocking chair whose sensuous curves conquered the international press, including the austere Wall Street Journal. It should be noted that these two creations are part of the permanent collection of Musée National des beaux-arts du Québec.

Patrick Messier's approach focuses on what he calls "controlling the pheromones of aesthetics", i.e. creating objects with an allure so powerful as to trigger an irrepressible desire to possess them.

## Pierre BÉLANGER

Lead Designer / Art Director  
*Born in 1969*

Collections:  
*C, C2 and Déco*

For more than 30 years, Pierre Bélanger has been a guiding light of contemporary design for architects, designers and manufacturers who have gravitated to his innovative style of graphic simplicity and relevance. Backed by strong analytical skills and insatiable curiosity, Pierre has been infusing his experience into the unique designs of WETSTYLE since 2005 and for the past two years as one of the company's lead product designers, incorporating the latest design technologies and trends into a portfolio of truly innovative products.

After earning a diploma in architectural technology in 1989, Pierre began his career with Daoust Lestage, a prestigious architecture and urban design firm where he served as project manager and art director. In 1998, he founded L'Atelier Image-In before merging with Juliette Communication in 2005 to form volume2, where he has applied his design skills to the production of more than thirty corporate brand images for design and architectural firms. He was also the co-founder of the v2com newswire in 2008. Member of the Fondation CLU (2004-2010) and the Société des designers graphiques du Québec (SDGQ) since 2005, Pierre Bélanger has been a certified graphic designer (DGA) since 2012. That same year, he served as a jury member in the selection process of the Lorne C. Perry Award. Pierre's insight and expertise also earned him a "guru" invitation to the fifth edition of the 13 Gurus + Me event (2010).

## HONORS

WETSTYLE has been fortunate to have received industry and international recognition for product excellence.

Design awards include the 2012 and 2013 GOOD Design™ Award, as granted by The Chicago Athenaeum: Museum of Architecture and Design, for Couture and Glacier, and the 2013 International Design Excellence Awards (IDEA) for Glacier.

WETSTYLE has also earned numerous Interior Design Best of Year Awards (BOY Awards) for M and Round Platter in 2009, DC in 2010 and Frame in 2012, among others. In 2013 and 2015, WETMAR BiO™ was recognized in the green innovation category as the industry's first recipe for Soy and Mineral stone, used in the fabrication of composite bath fixtures.

## ADVANCED FEATURES

- 1 Slot Design Overflow
- 2 Integrated Overflow – overflow is built into tub wall, providing a cleaner look and saving installation time and related costs
- 3 3" clearance underneath the bathtub for ease of access for plumbing connections
- 4 Oak wood bridge in wenge shade included ; when applicable
- 5 Soft toe touch drain included
- 6 Plug & Bathe™ overflow and drain included
  - a Enables complete installation and serviceability of freestanding bathtubs with integrated overflow 100% from above
  - b Reduces installation time and overall cost of installation
  - c Increases installation possibilities and ease of serviceability

## AN ECO - FRIENDLY CHOICE

WETSTYLE is staunchly green-minded in both its products and practices. WETSTYLE's low-energy footprint can be attributed to, among other things, the company's unique artisanal manufacturing process by which products are created almost entirely by hand from start to finish. WETSTYLE's products are hand-forged locally in Montreal, Canada, ensuring that fuel and transport costs are a fraction of volume-based manufacturers who outsource production to overseas factories. Woods used in WETSTYLE's furniture collections are harvested from renewable forestry, and the company's scrupulous efficiency in production enables a waste and scrap rate of less than 1%.

High-quality materials and timeless design ensure product longevity and durability, and ease of repair minimizes waste and energy consumption.

## WETMAR BiO™

All WETSTYLE bathtubs, sinks and shower receptors are made of WETMAR BiO™. An industry first, WETMAR BiO™ is an eco-friendly thermo-insulating material made primarily from a mix of Mother Earth's natural ingredients—soy and mineral stone. WETSTYLE has pioneered a proprietary and code-compliant recipe that uses soy and vegetable extracts to replace the petrochemical-based resins in heavy use by the industry. In the spirit of Pure Design and Pure Craftsmanship, WETSTYLE is proud to offer the industry's purest and most environmentally friendly material.

Naturally stain-and bacteria-resistant and harder than acrylic, it offers a non-slip surface, superior strength and increased heat insulation. WETMAR BiO™ is available in a True High Gloss™, Matte and Dual finishes.

# TULIP

## THE TULIP COLLECTION

Bathtub

Vessel sink

Bathtub BTP 01-R-PC Dual finish  
Cube Bench STC 14FS-M-5  
M Collection Towel Holder M 60TH-11

## THE TULIP COLLECTION

Design: Joël Dupras and WETSTYLE Design Lab

Keyword: Freshness

The highly archetypal TULIP bathtub carries a classic form into the second millennium, keeping the best of both worlds.

This journey celebrates the sensuality of spring as the first blooms burst forth from the ground, their silky petals unfurling into delicately curved tips.

Organic in inspiration, the flawlessly smooth volume shoots up into two distinct angles at each end, one rising slightly above. Opening like a tulip, an exquisite curve crowns the tub, inviting the body to become one with the form.

In True High Gloss™, Matte and Dual finishes, the TULIP lets bathers luxuriate in a celebration of nature.

# COUTURE

THE COUTURE COLLECTION

Bathtub

Vessel sink

## THE COUTURE COLLECTION

Design: Patrick Messier

Keyword: Refinement

Dipping one's foot into this tub is like slipping into the folds of haute couture design. The COUTURE collection induces the bather to immerse willingly in a graceful design dedicated entirely to sensual pleasure.

The bathtub and vessel sink draw their inspiration from the fluted perfection of the seashells that dot the ocean floor. The shape, a splendidly smooth interior and a gently faceted exterior, is modernity made material. In this delicate origami, the comfort of the seated position is rivalled only by that of the more pronounced slope.

The innovative spirit of this asymmetrical concept rests on classic foundations that will ensure its timelessness.

Available in True High Gloss™, Matte and Dual finishes

Limited edition: 2,000 units to be produced.

# CUBE

## THE CUBE COLLECTION

Bathtubs

Lavatories

Vessel sinks

## THE CUBE COLLECTION

**Keyword: versatility**

The bathtubs come in models that are either perfectly rectangular or slightly tapered, and are either freestanding, mounted on a base or on legs.

They can be adapted to any bathroom configuration, with installation in the centre of the room, against a wall, in a corner, recessed against 3 walls, or in a sunken design. The edges extend up to a width of 7 in. (17.5 cm).

The sleek design of the lavatories and the vessel sinks represent a modern version of the stone washbasins still used in the French countryside.

Available in True High Gloss™ and Matte finishes

**Vanity** M 6010WM-2

**Vessel sinks** VBE 821-A

**Linen cabinet** M 27LN-2

## THE BE COLLECTION

Design: Patrick Messier

Keyword: Nature

A new attitude, inspired by ecology, is emerging. We yearn for a return to our origins, rediscovering simple pleasures and natural beauty. The Be collection expresses that desire through shapes Nature herself could have created.

The freestanding bathtub and vessel sinks imitate a shell of exotic fruits filled with rainwater, an impression that is enhanced by a peaked seam and fluid curves. Be provides grounds for dreams that evoke memories of nutshells sailing on childhood streams.

Contemporary design infused with organic shape—simple and sinuous.

Restore, rejuvenate, relax—Be.

All items come in True High Gloss™, Matte and Dual finishes.

# OVE

## THE OVE COLLECTION

Bathtubs

Lavatories

Vessel sinks

## THE OVE COLLECTION

Keyword: sensuality

Oval-shaped with narrow or wide edges, the bathtubs are like personal cocoons, sanctuaries from the outside world, guaranteed to alleviate your stress and wash away your worries.

Designed to be aesthetically pleasing from all angles, OVE models are ideal for bathrooms that open into adjoining bedrooms.

The lavatories and the vessel sinks come in round, elliptical or rectangular models with oval interior basins, for single or double use.

Available in True High Gloss™ and Matte finishes

# CLOUD

THE CLOUD COLLECTION

Bathtubs

Bathtub BCLB 01-MB, Matte

## THE CLOUD COLLECTION

Design: Wetstyle Design Lab

Keyword: Transition

The Cloud bath lives somewhere between the past and present; its flared shape evokes a vintage feel, while its flowing lines and solidity are rooted in the contemporary, making it the perfect match for transitional tastes.

A gently curved base gives this bathtub a distinctive style; a simple rounded base can be substituted for a more traditional look.

Cloud is handcrafted in WETMAR BiO™, a robust, non-slip, thermo-insulating eco-material. Available in True High Gloss™ or Matte finish.

Made of

# WAVE

THE WAVE COLLECTION

Bathtub

Bathtub BWA 01-MB, Matte

## THE WAVE COLLECTION

Design: Wetstyle Design Lab

Keyword: Fluidity

The Wave bath reflects the movement of the ocean and blends harmoniously with any bathroom. Its unique form adds a sense of style, softness and originality to the room. Comfort remains paramount, thanks to the high-back design of the tub, making it perfect for reading or relaxing.

Less than 58 inches long, Wave is a freestanding model that can easily fit in standard bathrooms measuring 5 x 8 feet.

Wave is handcrafted in WETMAR BiO™, a robust, non-slip, thermo-insulating eco-material. Available in True High Gloss™ or Matte finish.

# STRAIGHT

THE STRAIGHT COLLECTION

Bathtub

**Bathtub** BST 01-PC, True High Gloss™

**Vanity** Frame Linea Collection, Walnut Natural No Calico

## THE STRAIGHT COLLECTION

Design: Wetstyle Design Lab

Keyword: Simplicity

The Straight bath evokes simplicity, softness and purity, thanks to its sleek lines and rounded edges. These elements come together to create a sensation of lightness, as if Straight were born to become one with its surroundings.

Straight's dimensions are ideal for small spaces and its rectangular, contemporary look, softened by its curves, lends an elegant feel to today's bathrooms. The bathtub's subtly inset base adds an extra touch of refinement.

Straight is handcrafted in WETMAR BiO™, a robust, non-slip, thermo-insulating eco-material available in True High Gloss™ or Matte finish.

# DÉCO

THE DÉCO COLLECTION

Lavatories

Vanity Déco Collection 30" - Mozambique Facade and Black Matte  
Lavatory Déco Collection 30" - 7/16" height - VDCOXS Series

## THE DÉCO COLLECTION

Design: Joël Dupras, Pierre Bélanger and WETSTYLE Design Lab

Keyword: Elegance

The sleek look and rounded corners of Déco washbasin's interior create a sense of gentle tranquility while washing up.

Although these sinks are part of the Déco collection, they can be ordered separately. Their unique design allows the drain to be recessed for a more polished look. They are available in two thicknesses, two inches (S) or ultra thin (XS), and come in True High Gloss™ or Matte finish.

Déco washbasins are handcrafted in WETMAR BiO™, a durable, easy-to-clean eco-material.

Made of

Lavatory VDCOXS 60-0-1-SB, Matte

**VDCOXS 60** inch 60 1/8 x 22 1/16 x 7/16 mm 1527 x 561 x 11 O/F Holes

#### IMPORTANT

The Déco washbasins have recessed drain holes. For a perfect look, we strongly recommend using the following WETSTYLE pop-up drain models: DS02RF (no overflow) or DS02RF-O (with overflow).

# ELEMENT

THE ELEMENT COLLECTION

Lavatories

Lavatory Element Collection VELXS39-O-1-MB, Matte  
Vanity Element Raffiné ELR 39WM-1, Oak Natural  
Lift-up Mirrored Cabinet Element Raffiné ELR30MU-1, Oak Natural

## THE ELEMENT COLLECTION

Design: Joël Dupras, Pierre Bélanger and WETSTYLE Design Lab

Keyword: Harmonious

In perfect harmony with the surrounding countertop, the Element inner washbasin features a fluid rim and rounded inner corners in contrast to rectangular outer edges.

Although these washbasins are also part of the Element Raffiné furniture collection, they can be ordered separately. They come in an ultra-thin version (XS) for a slimline effect. Available in True High Gloss™ or Matte finish to suit all tastes and styles.

Element washbasins are handcrafted in WETMAR BiO™, an eco-friendly material that is durable and easy to clean.
